

**Office of the Research Ethics Committee
(Institutional Review Board), DIU**

Ref. No.: REC-FSIT-2024-08-19

Date: August 25, 2024

To Whom It May Concern

On August 19, 2024, a proposal for research with the title “**Eye Disease Data Collection to automated the Eye disease diagnosis**” and “**Eye Disease Classification Using Machine Learning and Deep Learning**” were sent to the Research Ethics Committee (REC) of the Faculty of Science and Information Technology (FSIT), Daffodil International University to get approval for the ethical parts of the study. After a meticulous review process, the proposal was approved on August 25, 2024. The principal investigator, on behalf of the team who conducted the proposed study by Md. IHasan Imam Bijoy is a faculty member of the Department of Computer Science and Engineering at Daffodil International University. The REC wants to make sure that the researcher, along with his team, followed the approved ethical procedures. These include a strong commitment to privacy, obtaining permission from the people who took part in the study, and ensuring that people could participate in the study in different ways, all in full respect of participant rights.

Sincerely,
